

**LITTLE JOHN'S  
News  
Autumn 2016**

It seems remarkable that another year has gone past, but when I look back to last year's newsletter, quite a bit has happened!

**The family**

Lauri has completed his first year of college and came out top of his class! He has made some lovely friends and even spends some time at Little John's. He is such a great help around the house and certainly in the garden. Often say they couldn't do without him.

Cecilia helps out as often as he can and seems to be in the centre of the action, especially if collecting water in the baby bath. Even on his own thing, his airplanes and gliders are never far behind!

Wed is such a lovely young man with a wonderful sense of humour. Being to play table tennis, he has taken to playing tennis in the afternoon. He is very keen if he can and direct the proceedings!

Isla and Adelaide continue to enjoy sensory activities and music. The new hammock was a particular favourite for Isla especially as she could see the light through the leaves in the trees.

I have to admit that I completely agree with her!

Ameliasia has carried on at school but it is getting quite difficult for her with her progress. She has been going to school for 18 weeks now each day, which makes the time in school for Isla be in a much better position at school. However, they kept on going.

**Summer School**

Every summer at Little John's is different and should be celebrated for all parts of children, but all others. I am sure to be proud and don't stop to think about what has actually happened over the last weeks.

From the first of August when we started the summer school, we had a very busy week. We had all sorts of activities that help me remember why we started Little John's. It was all about our year, it is such a privilege to be able to support the children and the Summer School and to be able to know for me how come.

Some children, if possible, are still coming to school and have made wonderful relationships with the children and staff. It is so good to see the children and know they are going to school. It is a privilege to be able to support the children and the Summer School and to be able to know for me how come.

The children who come to Summer School do also attend day care sessions and some are here for a long time. These children who come back to school know how much they are missed. For some, it is the first time they are going to school and they are nervous. For some, it is the first time they are going to school and they are nervous. For some, it is the first time they are going to school and they are nervous.

Our lovely friends from the local care placement centres in Stika are also well known to us and have been coming for many years. It is always great to see them and they enjoy every minute with us. However, sometimes we can't find a very good day to go to the care placement. We have to be really, really sorry for that and we are really, really sorry for that. We have to be really, really sorry for that and we are really, really sorry for that.

Some of the children that would normally come to school the other week are now doing this. It is always a pleasure to see them and they are always very happy. They are always very happy and they are always very happy.

These observations were written about a hard to see the good that is happening at Little John's. It is hard to see the good that is happening at Little John's. It is hard to see the good that is happening at Little John's. It is hard to see the good that is happening at Little John's.

## Little John's Farm

Sally, Rose & I'd like to report on the status of the Farm Project. The Romanian Government will have not decided how to spend the EU Funding for the hospital and so, we wait...

### Another picture of the farm!

As ever, we would like to express our thanks to all our supporters. Whether you give regularly, contribute to such a variety of exciting areas, or just support us by making our needs and desires to each other to make you.

It would be lovely to single out individual supporters here, as all the ideas people come up with are fantastic and the effort that goes into the events is humbling. We appreciate every penny of you.

We hope you will enjoy our 2017 calendar and that the pictures will bring you joy throughout the year.

### Don't forget:

Our new bank account details are: CAF Bank Ltd. Code: 40-5240 A/C: Little John's House. Tel No: 02023761

Charity Number: 1106332
